AND ADVANCED TECHNOLOGY  
MELD INTO INCOMPARABLE  
SPORTINESS.

# TITANIUM EXHAUST SYSTEM

Designed by Lamborghini and Akrapovič, leading manufacturer of high-performance exhaust systems, the Huracán's titanium exhaust ensures its clean, visceral, and unmistakable sound, at any engine speed.

The two characteristic terminals complete the exhaust, emphasizing the sporty DNA and iconic design of the car.

This innovative accessory is distinguished by its features:

- lightweight, guaranteed by the high quality titanium alloy, which improves handling and reduces the part's weight by a third compared to the standard exhaust;
- powerful sound, which highlights the Huracán's sporty spirit;
- tone, which it maintains at any engine speed, even in STRADA mode;
- precision of the terminals with their smooth finish achieved using the best quality light aluminum.

# SPORTS EXHAUST SYSTEM

When the Lamborghini V10 engine power combines with a sportive, sophisticated, light exhaust, the result is the unmistakable rumble of a car that releases all of its power at every gear change, regardless of the driving mode, STRADA, SPORT, or CORSA, enhancing the pleasure of being in a Lamborghini.

The sporty exhaust features:

- power, increased up to 5%;
- light weight, 10% lighter than the standard exhaust.

# TRACK AND PLAY

The exclusive Track and Play application gives you a personal telemetry and video recording tool.

- Easy to install
- 56 circuits loaded, as well as the Track Creator function
- Customer control panel for Huracán
- High-resolution video recording and automatic telemetry data synchronization
- “Ghost” comparison function
- Complete performance analysis

Once the ECU is installed, simply download the app from the App Store.

Acceleration, speed, gear engaged, G-force, steering angle, tire pressure, and engine speed are only a few of the parameters that Track and Play can read, record, and analyze.

# THE IMPORTANCE OF THE "L" BRAND

The unmistakable Lamborghini tires, with the iconic "L" mark on the side, are the product of a long testing program and Lamborghini vanguard technology.

Designed to highlight your vehicle's performance, guaranteeing you have a unique driving experience, be it on the road or on the track. Original Lamborghini "L" tires have a profile and tread designed to guarantee:

- the correct dimensional tolerance between the front and rear tires and, consequently, the correct function of the Lamborghini all-wheel drive (front and rear differential);
- the best car performance, as well as maximum maneuverability and safety on both road and track, thanks to the development of active dynamic systems.

## TIRE MODELS

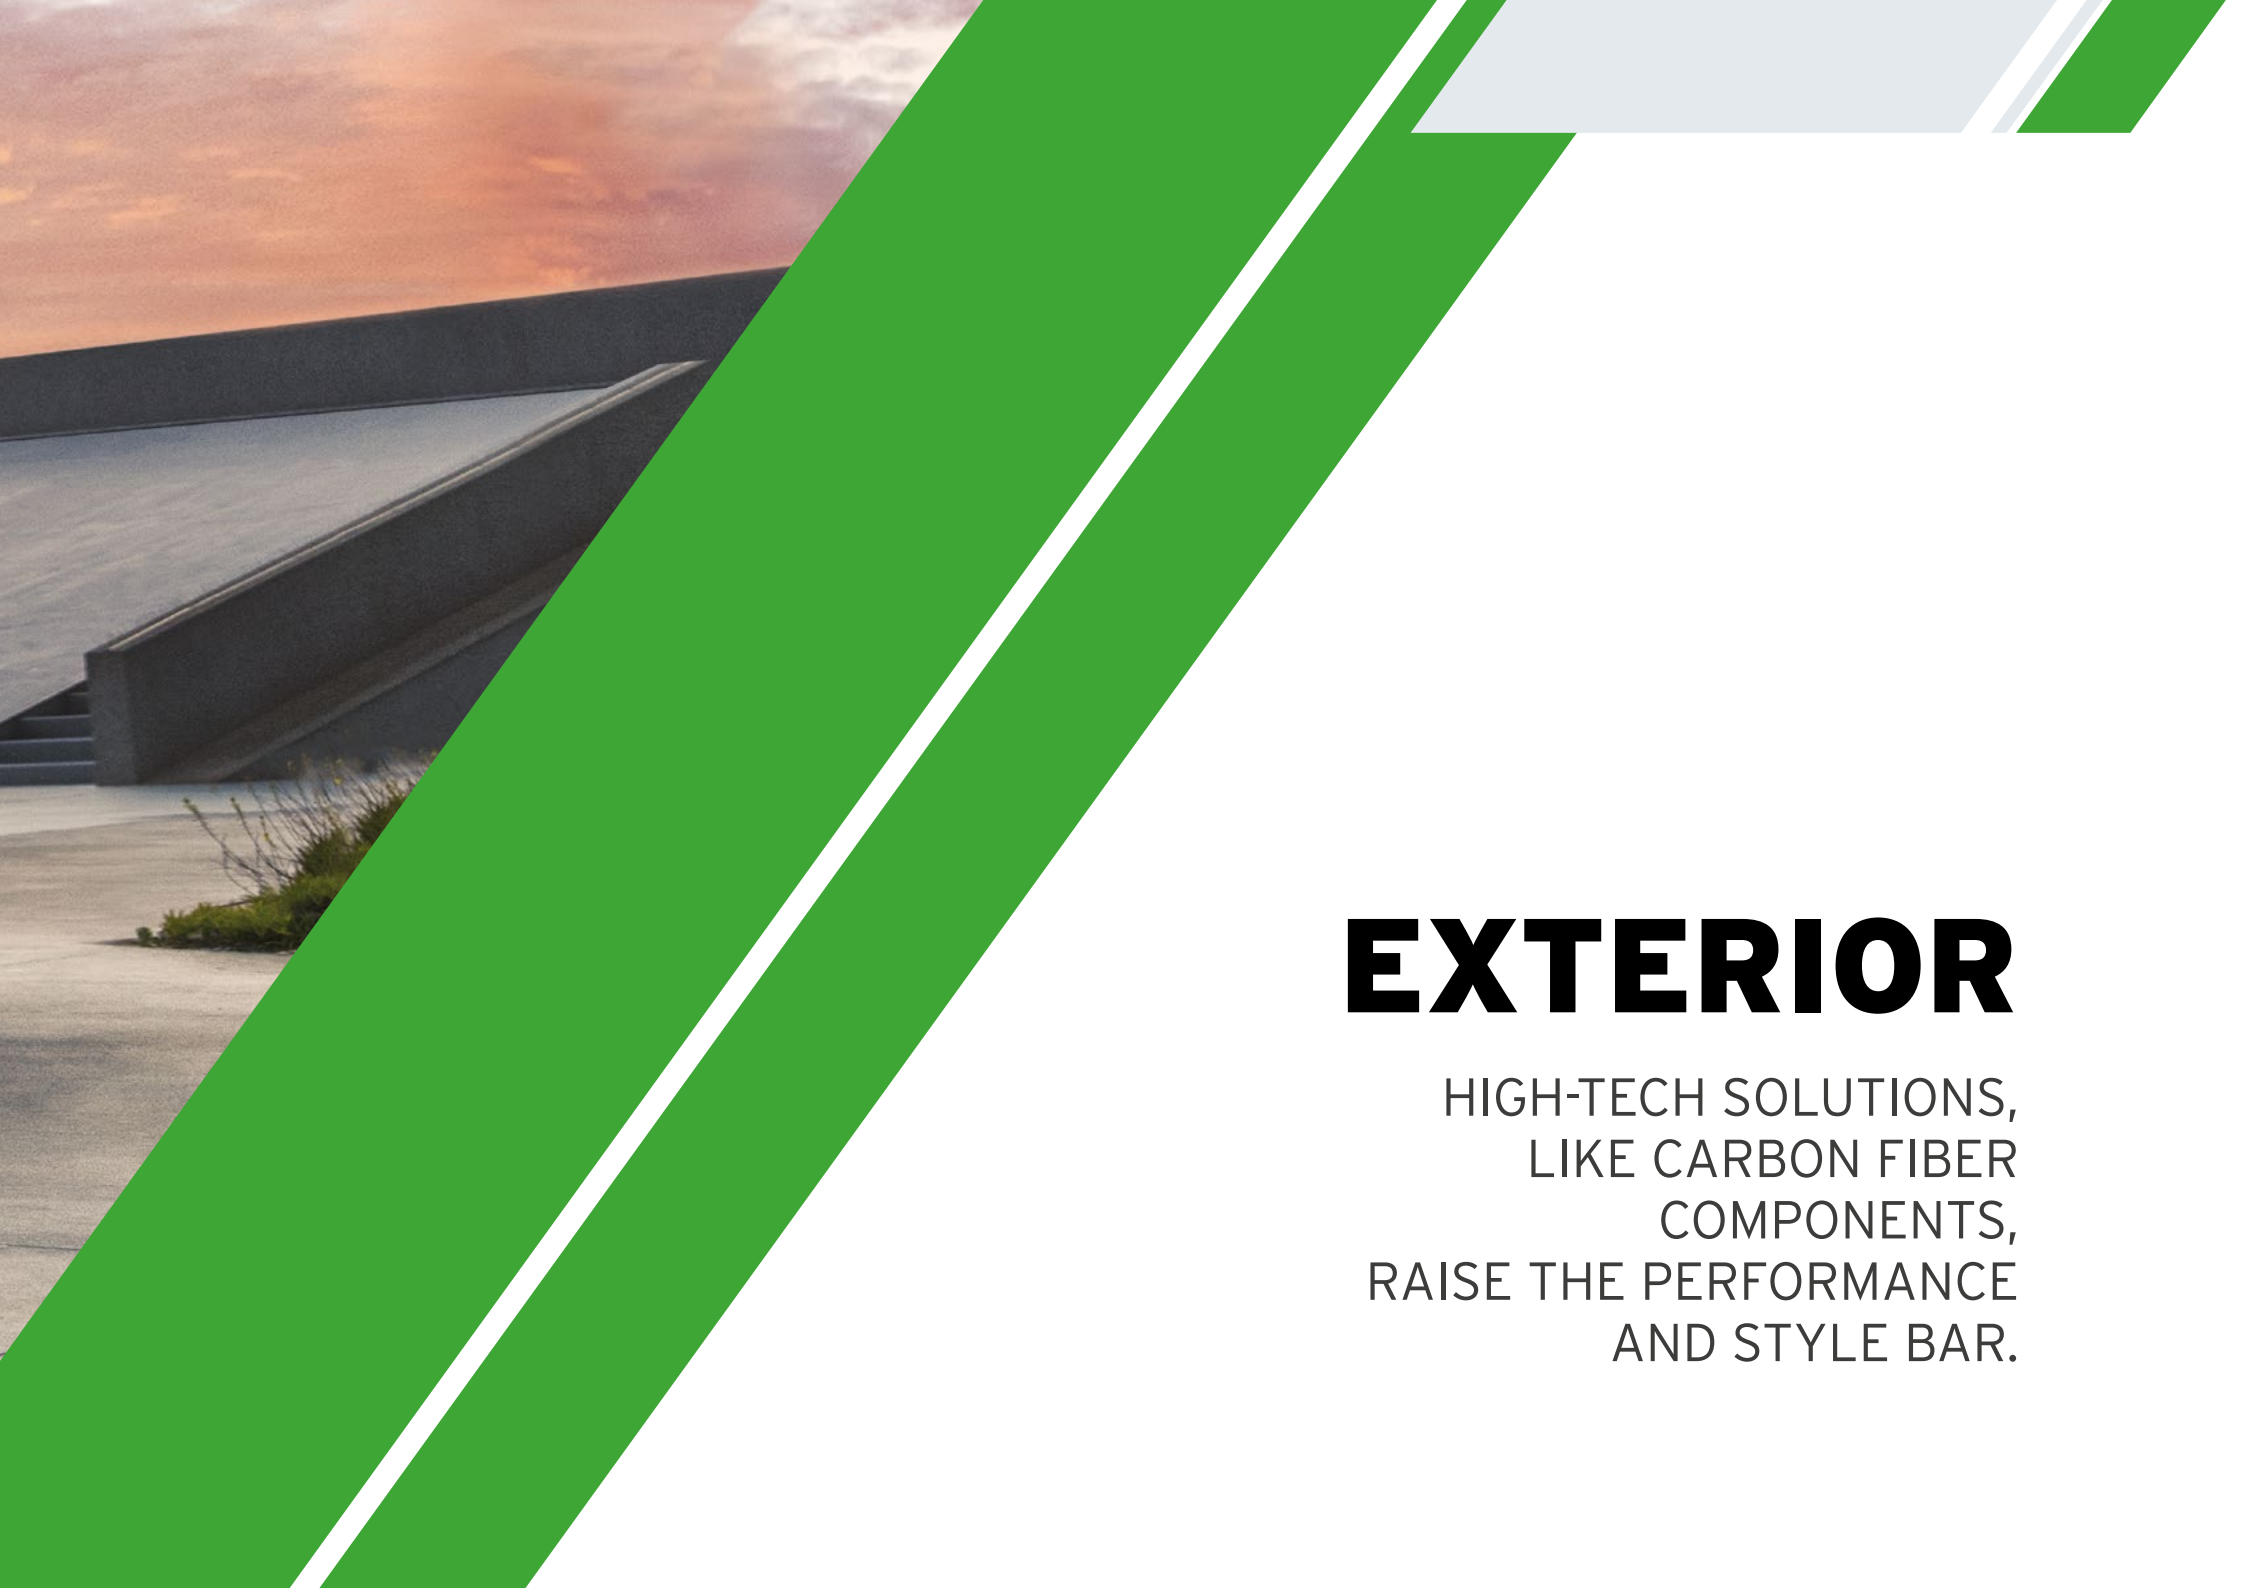

From the technological and materials know-how of the world of motorsports, Lamborghini tires with the "L" brand guarantee performance, control and safety, at any temperature and under any road conditions, from dry to wet, even with snow.

The following sizes and types are available for different needs and driving styles.

# INDOOR CAR COVER

Car cover made from an interlock fabric that perfectly embraces your Huracán. Resistant to dust and scratches, this exclusive accessory with the Lamborghini logo is ideal for protecting your car during extended idle periods.

# OUTDOOR CAR COVER

For those who want the best protection, Accessori Originali offers an exclusive cover made from high-quality, strong, water-proof elastic fabric. It is ideal for protecting your car wherever you park it. In addition to being elastic, it is breathable, flame-resistant, water- and oil-proof, and blocks UV rays. All of these characteristics are combined with a beauty that is as elegant as it is sporty.

## TIRE CUSHIONS

To avoid tire deformation and the formation of spots from parking during long storage periods, the tire cushions are made from time- and weight-resistant materials and do not require assembly. Once placed on the ground, just drive the car onto them.

# SATELLITE ANTI-THEFT SYSTEM

Safe, reliable tracking system that guarantees the remote locking of the engine's ignition system if an attempt is made to steal it.

# EMERGENCY AND FIRST AID KIT

Designed with care to be easily transportable, this kit contains everything you need to face any emergency.

# BATTERY MAINTAINER

A very useful device, it keeps the battery charged so that your car is always ready to go wherever you want.

# HURACÁN STO

STYLISH DETAILS FOR  
A SPORTS CAR DESIGNED TO UNLEASH  
EMOTIONS WHEN DRIVING ON TRACKS  
AND EVERY DAY.

# TITANIUM EXHAUST SYSTEM

Result of the fruitful collaboration with Akrapovič, leading manufacturer of exhaust systems for high-performance cars, the new Huracán STO titanium exhaust system results from the advanced study of materials, design, and acoustical engineering. Made entirely from a high-quality titanium alloy, which is even lighter, stronger and heat resistant, the Accessorio Originale component's unmistakable design blends perfectly with the beauty and rear line of the car. It offers a symphony of strong, clear sound that releases all the energy of the V10 engine.

## DOOR LIGHTS

The new LED door lights with the STQ brand give your car that extra touch that does not go unseen. When the car door opens, the STQ logo is projected on the ground, creating a truly unique effect, especially at night.

# RIM BADGE

Your Huracán STO is best preserved only when you pay attention to the smallest details. That is why Lamborghini has developed a rim badge for the brand's rims that, in addition to being exclusive, long-lasting, and beautiful, contribute to conserving the value of your STO for many years to come.

## CAR COVER

With a completely renewed racing design, the STO car cover is made from an elastic, strong, water-proof fabric, ideal for protecting your car in style, in any season, and wherever it is. To highlight the sports spirit of the car and the personality of the person who has chosen it, this component can be customized with the country flag and driver's name in white or colors.

The cover fabric is available in six different colors: Nimbus Grey, Nile Blue, Selvans Green, Mars Red, Xanto Orange, and Belenus Yellow. Choose the one that best represents you.

# SEAT COVER

A special edition was designed, dedicated to covering the sports seats of your STO.

With a completely new design, the seat covers are made using strong elastic fabric with the STO emblem.

They are available in a range of colors that correspond to the standard interior stitching. The seat covers are the perfect solution if you want to care for your car even when you are not driving it.

# TIRE MODELS

Lamborghini tires with the exclusive “L” brand are designed to guarantee control at high speed paired with unequalled performance.

Three models are available to choose from for an extreme driving experience, even more sporty.

## **RACE**

Certified for on-road use but specifically designed for the track, where the best times were recorded compared to the main competitors, the Race tire offers the best dry-braking performance and an exceptionally long life.

## **SPORT**

Ideal for those who love a more dynamic driving experience, the Sport summer tire with unprecedented stability on turns and straightaways, thanks to the asymmetric structure of the tread.

## **WINTER**

Safety, control, and high performance under any winter weather conditions. This is the challenge Winter tires face, a result of the most innovative technologies for both the new compounds and the exclusive design of the ribs.

# TITANIUM ROLL BAR

Designed by Automobili Lamborghini in collaboration with Akrapovič, the rear arch brings out the racing DNA and wild nature of your Huracán STO. Mounted directly on the frame, the accessory is built entirely from titanium alloy, a high-quality material characterized by lightweight and surprising strength. The result enhances the sporty personality of the Huracán STO in authentic Lamborghini style.
